REMARKS			

25X1

25X1

☐

1. On 26 February 1952, Altengrabow-Gross Luebars airfield was unoccupied. A guard detail of six men was observed in the cantonment on the northwestern edge of the field. The landing field was not guarded.

25X1

☐

2. Several billets on the field have been occupied by personnel since 5 March. Seven aircraft including a biplane have been parked at the field since 7 March.

3. On 15 March, no aircraft were observed at the field. The status of the field was unchanged. \*

25X1

☐ Comment. A sketch of the emergency landing field near Altengrabow-Gross Luebars was previously transmitted. ☐ The present report indicates that the field is occasionally being used by a few aircraft for intermediate landings probably in connection with combined exercises with the Soviet Army. The same observations were made in the summer and fall of 1951. No indication of construction work was observed up to the middle of March 1952.
